Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

AUGUST 2026

Class 08/10 5" Gauge Locomotive	
Complete ready to run locomotive with spoked wheels and sound unit	£4,279.00
Complete ready to run locomotive with solid wheels and sound unit	£3,850.00
Kit Form* - including controller, solid wheels, no sound unit	£3,300.00
Kit Form* - including controller, raw cast spoked wheels, no sound unit	£2,640.00
Ready to run locomotive and kits include steps and sand boxes	
*All kits include controller but no sound system.	
Components List:	
Body as from mould, flash removed	£506.00
Windows cut out on body	£60.00
Laser cut Chassis kit including cranks and con rods	£275.00
Welding service for chassis	£55.00
Oilite bushes for motor mounts	£30.00
Turned and finished axles, Set of 3	£44.00
Steel for axles	£22.00
Cast spoked wheels, set of 6 Raw not turned	£440.00
Full set of 6 spoked wheels, machined and finished	£880.00
Solid CNC turned finished wheels, set of 6	£254.10
Steel for crank pins	£22.00
Crank Pin Set, turned and finished	£77.00
Con Rod Set, finished	£187.00
Gear for locomotive 80 tooth	£18.70

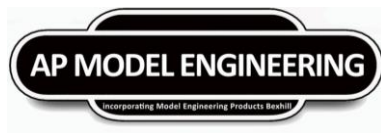

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Gear for motor	£13.20
Buffers, round, complete set for locomotive	£99.00
Class 08/10 5" Gauge Locomotive	
Resin cast springs, adjuster bars, carriers	£70.50
Horn block set	£55.00
Sand Box Set, resin cast	£20.00
Super Detail Parts	
Ait tank set	£44.00
Replacement radiator grill	£45.00
Cab doors per pair	£27.50
Battery vents top set	£12.10
Battery vent side set	£24.20
Exhaust doors	£22.00
Exhaust vents	£13.20
Brake shoes push rods and laser cuts	£88.00
Engine compartment doors [set]	£132.00
Full set of parts above in blue	£374.00
Whistle 3d print	£4.40
Fuel gauge	£4.40
Marker lights 6no	£19.80
Door handle each	£2.20
Front step per pair	£27.50
Rear step per pair	£22.00
Windscreen wipers per pair	£5.50
Horn blocks set of 12	£44.00

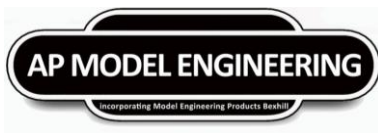

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Radiator hose left	£2.20
Radiator hose right	£2.20
Gusset bracket, resin cast, pair	£11.00
Class 08/10 5" Gauge Locomotive	
Circuit breaker set	£20.00
Axle boxes with bearings and springs, price per locomotive	£220.00
Air pipe set for buffer beam, white metal, one end	£26.40
Locomotive Driver, resin, painted	£49.50
Locomotive Driver, resin, unpainted	£30.00
Drivers Seat	£15.00
Lamp Iron, lost wax cast, each	£4.95
Lamp, resin cast	£8.53
Whistle, lost wax	£11.00
Coupling Plate Cover, each	£4.40
Painted body, 2 colours	£682.00
Cab side transfers, BR logos	£14.85
Overhead cable transfer, per set	£7.00
Windscreen Wiper, each	£5.50
LED Set, including resistors (please state 12v or 24v when ordering)	£17.05

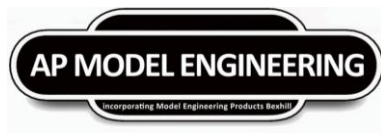

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Class 08/10 7.25" Gauge Locomotive	
Complete ready to run locomotive with spoked wheels and sound unit	£5.155
Complete ready to run locomotive with solid CNC turned wheels and sound unit	£4.719
Kit Form* – with spoked wheels raw casting	£3.482
Kit Form* – with Machine and finished spoked wheels	£4.,290
Ready to run locomotive and kits include steps, sand boxes and controller	
*All kits include controller but no sound system.	
Components List: Class 08/10 7.25" Gauge Locomotive	
Body as from mould, flash removed including detailing parts	£629
Windows cut out on body	£83.60
Laser cut Chassis kit including cranks and con rods	£374
Welding service for chassis	£55.00
Turned and finished axles, Set of 3	£55.00
Steel for axles	£33.00
Cast spoked wheels, set of 6	£440.00
Full set of 6 spoked wheels, machined and finished	£1,430
Solid CNC turned wheels, set of 6	£320.00
Steel for crank pins	£22.00
Crank Pin Set, turned and finished	£88.00
Con Rod and crank Set, finished	£242.00
Con rod and cranks laser cut parts to machine	£110.00
Chain and sprocket set	£330
Buffers, round, complete set for locomotive	£132

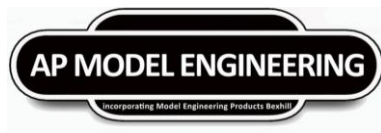

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Complete set of parts for locomotive to include springs, pins, carriers and horn block set	£132
Sand Box Set, resin cast	£30.50
Radiator grill	£33.00
Rear Step Set, per pair	£20.00
Front Step Set, per pair	£23.10
Front Radiator Grill, resin cast	£38.50
Door handle	£3.30
Coupling plate	£5.50
Fuel Gauge	£5.50
Horn blocks per pair	£13.20
Spring carriers per pair	£15.40
Components List: Class 08/10 7.25" Gauge Locomotive	
Dummy leaf springs each	£16.50
Battery Box top vent set, resin cast	£16.50
Battery box side grill set, resin cast	£13.20
Air Intake grill set, resin cast	£33.00
Fuel Tank Access Hatch, resin cast	£6.60
Marker light, resin cast, set of 6	£22.00
Roof and Rear Angle Set, resin cast	£13.20
Circuit breaker set	£28.60
Buffer beam detail kit, one end {AIR PIPES JUMPER CABLES ECT}	£38.50
Axle boxes with bearings and springs, price per locomotive	£440
Air pipe set for buffer beam, white metal, one end	£35.20
Lamp Iron, lost wax cast, each	£4.95
Lamp, resin cast	£9.90
Painted body, 2 colours	£440

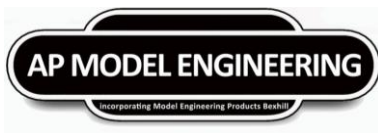

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Cab side transfers, BR logos	£20.00
Overhead cable transfer, per set	£9.90
Windscreen Wiper, each	£4.95
Whistle 3D Printed	£6.60
LED Set, including resistors (please state 12v or 24v when ordering)	£17.05

5" Gauge Class 15 Locomotive	
Complete ready to run locomotive	£4,180
Kit Form* - total cost of components, without sound unit	£3,036
Ready to run locomotive and kits include sand boxes and controller	
*All kits include controller but no sound system.	
Components List:	
Metal work for locomotive to include chassis, main body, bogies	
plus fibre glass noses and roof	£660
Welding service for chassis	£56.10
Steel for axles	£35.20
CNC turned wheel set – enough to complete locomotive	£242

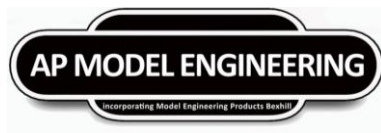

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Oilite bush set	£28.60
Gear set for locomotive	£176.00
Buffers, round, complete set for locomotive	£88.00
Timken Axle Box Covers, white metal, each	£4.40
Axle Box Cover, bolt on, each	£5.17
Buffer beam detail kit, one end	£26.40
Disk or block head code kit, one end	£17.05
Door Handle, each	£4.40
Lamp Iron, lost wax cast, each	£4.95
Lamp, resin cast	£8.53
Coupling Plate Cover, each	£5.50
Vacuum Pipe Fitting	£3.85
Vacuum Pipe Clamps, pair	£5.50
Sand boxes, per locomotive	£48.40
Marker Light, white metal, each	£8.53
Brake cylinder set	£48.40
Circuit breaker set	£28.60
Head code box	£11.00
Axle box set, complete with springs	£220
Clevis coupling	£11.00
Locomotive Driver, resin, painted	£48.40
Locomotive Driver, resin, unpainted	£33.00
Overhead warning transfer set	£9.90
Cab side transfers	£14.85
Drivers Seat	£19.80
Painted body, 2 colours	£660

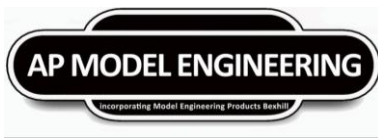

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Cab side transfers, BR logos	£28.60
Overhead cable transfer, per set	£9.90
Windscreen Wiper, each	£5.50

Class 15 7.25" Gauge Locomotive	
Complete ready to run locomotive	£5,390
Kit Form* - total cost of components, without sound unit	£3,850
*All kits include controller but no sound system.	
Components List:	
Metal work for locomotive to include chassis, main body, bogies	£1,210
plus fibreglass mouldings	
Welding service for chassis	£110
Class 15 7.25" Gauge Locomotive: Components	
Steel for axles	£56.10
CNC turned wheel set – enough to complete locomotive	£418
Door Handle, each	£3.03
Chain and sprocket set	£660
Buffers, round, complete set for locomotive	£110.00
Timken Axle Box Covers, white metal, each	£5.50
Buffer beam detail kit, one end {AIR PIPES JUMPER CABLES ECT}	£38.50
Disk or block head code kit, one end	£22.00
Brake cylinder set	£110
Circuit breaker set	£28.60
Lamp Iron, lost wax cast, each	£4.95

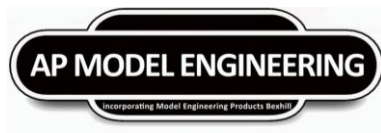

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Lamp, resin cast	£9.90
Axle boxes with bearings and springs, price per locomotive	£351
Clevis coupling	£11.00
Painted body, 2 colours	£1,650
Cab side transfers, BR logos	£14.85
Overhead cable transfer, per set	£9.90
Windscreen Wiper, each	£4.95

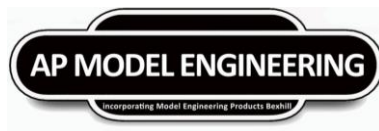

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Class 20 5" Gauge (fibreglass moulding) Locomotive	
Complete ready to run locomotive with sound	£4,043
Kit Form* - total cost of components, without sound	£2,783
Kits include axle box covers and brake cylinders	
*All kits include controller but no sound system.	
Components List:	
Class 20 5" Gauge (fibreglass moulding) Locomotive	
Body as from mould	£517
Chassis and bogie kit metal work	£418
Welding service for chassis	£56.10
Oilite bush set	£28.60
Steel for axles	£35.20
CNC turned wheel set – enough to complete locomotive	£275
Gear set for locomotive	£254
Buffers, round, complete set for loco locomotive	£88.00
Timken Axle Box Covers, white metal, each	£4.40
Sand boxes, per locomotive	£48.40
Sandbox pipes, per set	£42.90
Buffer beam detail kit, one end	£28.60
Vacuum Pipe Clamps, pair	£5.50
Large bogie suspension spring set	£22.00
Compensation spring carriers set of 8	£22.00
Checker plate for cab access doors set	£5.50
Large bogie centre spring per pair	£22.00

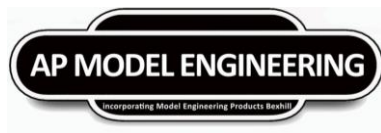

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Vacuum Pipe Fitting	£14.85
Fuel Gauge per pair	£5.50
Disk or block head code kit, one end	£17.05
Door Handle, Printed	£3.03
Brake cylinder set	£52.80
Air Sanders, pair	£13.20
Marker Light, white metal, each	£8.53
Circuit breaker set	£28.60
Components List:	
Class 20 5" Gauge (fibreglass moulding) Locomotive	
Axle boxes with bearings and springs, price per locomotive	£309
Clevis coupling	£11.00
Locomotive Driver, resin, painted	£48.40
Locomotive Driver, resin, unpainted	£33.00
Drivers Seat	£19.80
Lamp Iron, lost wax cast, each	£4.95
Lamp, resin cast	£8.53
Painted body, 2 colours	£440
Cab side transfers, BR logos	£14.85
Overhead cable transfer, per set	£9.90
Windscreen Wiper, each	£5.50

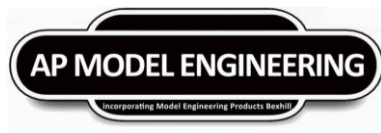

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Class 20 5" Gauge (steel body) Locomotive	
Complete ready to run locomotive with sound	£4,070
Kit Form* - total cost of components	£2,530
*All kits include controller but no sound system.	
Components List:	
Metal work for locomotive to include chassis, main	
body, bogies plus fibreglass mouldings for roof & nose	£715
Welding service for chassis	£56.10
Oilite bush set	£28.60
Steel for axles	£35.20
CNC turned wheel set – enough to complete locomotive	£212
Components List:	
Class 20 5" Gauge (steel body) Locomotive	
Gear set for locomotive	£254
Buffers, round, complete set for locomotive	£110
Buffers, oval, complete set for locomotive	£212
Timken Axle Box Covers, white metal, each	£4.40
Sand boxes, per locomotive	£42.90
Sandbox pipes, per set	£28.60
Buffer beam detail kit, one end	£28.60
Marker Light, white metal, each	£8.53
Disk or block head code kit, one end	£17.05
Brake cylinder set	£52.80
Vacuum Pipe Clamps, pair	£5.50

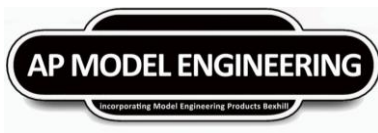

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Vacuum Pipe Fitting	£14.85
Pipe Fittings, per set	£26.40
Circuit breaker set	£28.60
Axle box set, complete with springs	£278
Clevis coupling	£8.53
Coupling Plate Cover, each	£5.50
Locomotive Driver, resin, painted	£48.40
Locomotive Driver, resin, unpainted	£33.00
Large bogie suspension spring set	£22.00
Compensation spring carriers set of 8	£22.00
Checker plate for cab access doors set	£5.50
Fuel gauge per pair	£6.60
Drivers Seat	£19.80
Lamp, resin cast	£8.53
Components List:	
Class 20 5" Gauge (steel body) Locomotive	
Painted body, 2 colours	£660
Cab side transfers, BR logos	£418
Overhead cable transfer, per set	£14.85
Windscreen Wiper, each	£5.50
Head code box	£11.00

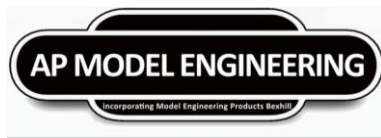

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Class 20 7.25" Gauge Locomotive	
Complete ready to run locomotive	£6,600
Kit Form* - total cost of components	£4,730
Ready to run locomotive and kits include brake	
cylinders and glazing materials	
*All kits include controller but no sound system.	
Components List:	
Metal work for locomotive to include chassis, main body,	
bogies plus fibre glass mouldings for roof and nose	£1,186
Welding service for chassis	£140
Steel for axles	£35.20
CNC turned wheel set – enough to complete locomotive	£418
Chain and sprocket set	£660
Buffers, round, complete set for locomotive	£110
Timken Axle Box Covers, resin cast, each	£4.40
Components List: Class 20 7.25" Gauge Locomotive	
Buffer beam detail kit, one end	£38.50
Axle boxes with bearings and springs, price per locomotive	£448
Circuit breakers and fuses	£28.60
Disk or block head code kit, one end	£22.00
Brake cylinder set	£88.00
Sand box set	£66.00

Email: apmodelengineering@gmail.com Tele: 07811768382

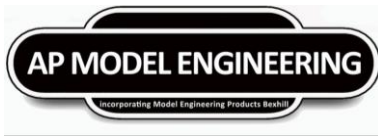

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Large Bogie suspension spring set	£33.00
Compensation spring carriers set of 8	£27.50
Checker plate for cab access doors set	£8.80
Clevis coupling	£11.00
Lamp Iron, lost wax cast, each	£4.95
Lamp, resin cast	£9.90
Painted body, 2 colours	£1,320
Cab side transfers, BR logos	£14.85
Overhead cable transfer, per set	£9.90
Windscreen Wiper, each	£4.95
Fuel gauge per pair	£8.80

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Class 33 5" Gauge (fibreglass moulding) Locomotive	
Complete ready to run locomotive with sound and aluminium buffer beam	£4,730
Complete ready to run locomotive with sound and steel buffer beam	£4,290
Kit Form* with steel buffer beam - total cost of components	£3,080
Kits include axle box covers, fuel tanks, controller, circuit breaker & wiring	
*All kits include controller but no sound system.	
Components List:	
Body as from mould, flash removed	£491
Windows cut out on body	£110
Chassis and bogie kit	£418
Welding service for chassis	£56.10
Oilite bushes for motor mounts	£28.60
Steel for axles	£28.60
CNC turned wheel set – enough to complete locomotive	£275
Gear set for locomotive	£254
Buffers, complete set for locomotive	£110
Timken Axle Box Covers, white metal, each	£4.40
Buffer beam pipes/taps and jumper cable set one end of loco	£28.60
Brake cylinders - 8 per locomotive (cost for set)	£48.40
Vacuum Pipe Fitting	£14.85
Vacuum Pipe Clamps, pair	£5.50
Pipe Fittings, per set	£26.40
Circuit breakers and fuses	£28.60
Marker Light, white metal, each	£8.80

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Components List:	
Class 33 5" Gauge (fibreglass moulding) Locomotive	
Axle boxes with bearings and springs, price per locomotive	£333
Dummy Fuel Tanks, resin cast – enough to complete locomotive	£83.60
Clevis coupling	£11.00
Coupling Plate Cover, each	£5.50
Lamp Iron, lost wax cast, each	£4.95
Lamp, resin cast	£8.53
Locomotive Driver, resin, painted	£48.40
Locomotive Driver, resin, unpainted	£33.00
Drivers Seat	£19.80
Cab side transfers, BR logos	£14.85
Overhead cable transfer, per set	£9.90
Windscreen Wiper, each	£5.50
Fuel tank overlay set	£42.90

Class 35 5" Hymek Locomotive (fibreglass moulding)	
Complete ready to run locomotive with sound	£4,070
Kit Form* - total cost of components	£2,750
Kits include controller,circuit breaker,cables & brake cylinders	
*All kits include controller but no sound system.	
Components List:	
Body as from mould, flash removed	£440
Windows cut out on body	£110
Chassis and bogie metalwork kit	£418

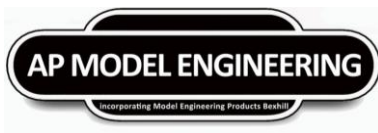

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Welding service for chassis	£70.40
Components List: Class 35 5" Hymek Locomotive (fibreglass moulding)	
Oilite bushes for motor mounts	£28.60
Steel for axles	£44.00
CNC turned wheel set – enough to complete locomotive	£385
Gear set for locomotive	£220
Buffers, complete set for locomotive	£110
Air Horn set	£17.05
Axle box cover each	£4.40
Marker Light, white metal, each	£7.70
Buffer beam pipes/taps and jumper cable set for front	
buffer beam, enough for one end of locomotive	£28.60
Brake cylinders - 8 per locomotive (cost for set)	£33.00
Vacuum Pipe Fitting	£14.85
Pipe Fittings, per set	£26.40
Vacuum Pipe Clamps, pair	£5.50
Circuit breakers and fuses	£28.60
Clevis coupling	£11.00
Coupling Plate Cover, each	£5.50
Door Handle, Printed	£3.03
Locomotive Driver, resin, painted	£48.40
Locomotive Driver, resin, unpainted	£33.00
Drivers Seat	£19.80
Lamp Iron, lost wax cast, each	£4.95
Lamp, resin cast	£8.80
Cab side transfers, BR logos	£14.85

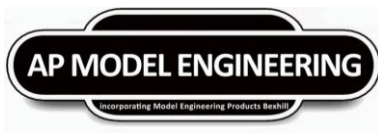

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Overhead cable transfer, per set	£9.90
Windscreen Wiper, each	£5.50

Class 37 5" Gauge Locomotive	
Complete ready to run locomotive with sound	£4,830
Kit Form* - total cost of components	£3,850
Kits include tank covers, brake cylinders, electrics & steps	
*All kits include controller but no sound system.	
<u>Components List:</u>	
Chassis steel work and bogies	£550
Clevis coupling	£11.00
Coupling Plate Cover, each	£5.50
Locomotive Driver, resin, painted	£48.40
Locomotive Driver, resin, unpainted	£33.00
Nose Grill, large	£35.20
Nose Grill, small	£35.20
Nose Grill, stepped	£35.20
Horn Grill, 3D printed, each	£7.43
Radiator Grill	£56.10
Front square Marker Light per pair	£17.60
Lamp Iron, lost wax cast, each	£4.95
Lamp, resin cast	£9.90
Pair of air horns	£11.00
Buffer set of 4: Round	£132
Buffer set of 4: Oval	£154

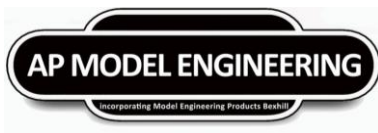

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Optional Extras:	
Painted body, 2 colours	£2,200
Body as from mould, flash removed	£557
Optional Extras: Class 37 5" Gauge Locomotive	
Windows cut out on body	£110
Chassis metalwork kit including bogie parts and motor mounts	£550
Welding service for chassis	£83.60
Oilite bushes for motor mounts	£42.90
Steel for axles	£44.00
CNC turned wheel set – enough to complete locomotive	£385
Gear set for locomotive	£278
Tank steps	£28.60
Dummy Fuel Tanks, resin cast – enough to complete locomotive	£70.40
Super detailed Grill Set	
Brake cylinder set	£60.50
Pipe Fittings, per set	£26.40
Vacuum Pipe Clamps, pair	£5.50
Vacuum Pipe Fitting	£14.85
Buffers, round, complete set for locomotive	£110
Buffers, oval, complete set for locomotive	£132
Sand box, set for a locomotive	£28.60
Buffer beam pipes/taps and jumper cable set for front	
Buffer beam, enough for one end of locomotive	£28.60
Circuit breakers and fuses	£28.60
Axle boxes with bearings and springs, price per locomotive	£309

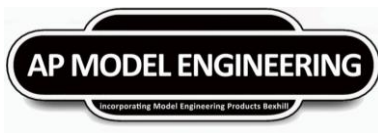

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Timken Axle Box Covers, white metal, each	£4.40
Domino head code marker box set of 4	£35.20
Door inserts circular marker hole set of 4	£8.80
Windscreen Wipers, each	£5.50
Optional Extras: Class 37 5" Gauge Locomotive	
Locomotive Driver, resin, painted	£48.40
Locomotive Driver, resin, unpainted	£33.00
Driver's Seat	£19.80
Door Handle, white metal, each	£3.03

Class 37 7.25" Gauge Locomotive	
Complete ready to run locomotive	£6,875
Kit Form* - total cost of components	£5,786
Ready to run locomotive includes load sensitive controller	
& sound unit	
Kits include brake cylinders and circuit breakers	
*All kits include controller but no sound system.	
<u>Components List:</u>	
Body as from mould, flash removed	£1,254
Windows cut out on body	£212
Chassis kit including bogie parts and motor mounts	£880
Welding service for chassis	£110
Steel for axles	£110
CNC turned wheel set – enough to complete locomotive	£550
Chain and sprocket set for locomotive	£660

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Tank steps, set of 4	£44.00
Brake cylinder set	£110
Buffer beam pipes/taps and jumper cable set for front	£39.05
Circuit breakers and fuses	£28.60
Axle boxes with bearings & springs, price per locomotive	£550
Components List: Class 37 7.25" Gauge Locomotive	
Timken Axle Box Covers, white metal, each	£4.40
Clevis coupling	£11.00
Overhead cable transfer, per set	£9.90
Windscreen Wiper, each	£5.50
Grill, 100mm	£44.00

Class 40 5" Gauge Locomotive	
Complete ready to run locomotive	£4,950
Kit Form* - total cost of components	£4,070
*All kits include controller but no sound system	
Components List:	
Body as from mould, flash removed	£600
Windows cut out on body	£110
Welding service for chassis	£70
Oilite bushes for motor mounts	£42.90
Steel for axles	£80.00
CNC turned wheel set – enough to complete locomotive	£440
Gear set for locomotive	£250

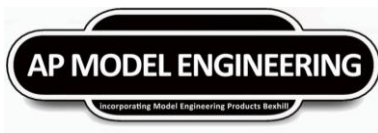

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Buffers, round, complete set for locomotive	£110
Buffers, oval, complete set for locomotive	£132
Resin cast bogie detailing parts - 4 Sand boxes, 12 suspension springs, 24 horn blocks, 24 spring pins, 12 spring carriers and 12 springs, enough to complete locomotive	£194
Resin cast horn block, complete set for a locomotive	£42.90
Sand boxes, per locomotive	£35.20
Resin dummy fuel tank castings per pair	£48.40
Components List:	
Class 40 5" Gauge Locomotive	
Resin cast weights for buffer beams, per locomotive	£18.60
Buffer beam pipes/taps and jumper cable set for front	£28.60
Clevis coupling	£11.00
Coupling Plate Cover, each	£5.50
Circuit breakers and fuses	£20.00
Axle boxes with bearings and springs, price per locomotive	£351
Timken Axle Box Covers, white metal, each	£4.40
Vacuum Pipe Clamps, pair	£5.50
Vacuum Pipe Fitting	£14.85
Pipe Fittings, per set	£26.40
Horn Grill, brass, each	£11.00
Horn Grill, 3D printed, each	£7.43
Door Handle, Printed	£3.03
Locomotive Driver, resin, painted	£48.40
Locomotive Driver, resin, unpainted	£25.00
Driver's Seat	£19.80
Marker Light, white metal, each	£8.53

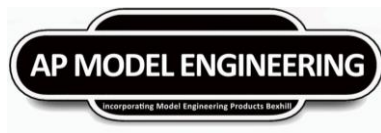

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Lamp Iron, lost wax cast, each	£5.78
Lamp, resin cast	£7.98
Windscreen Wiper, each	£5.50
Optional Extras:	
Painted body, 3 colours	£1,210

Class 43 5" Gauge (fibreglass moulding) Locomotive (HST)	
Complete ready to run locomotive	£3,300
Complete ready to run locomotive – pair (both cars powered)	£5,830
Kit Form* - total cost of components	£2,530
*All kits include controller but no sound system.	
Components List:	
Body as from mould, flash removed	£491
Windows cut out on body	£83.60
Chassis and bogie kit	£418
Welding service for chassis	£77.00
Oilite bushes for motor mounts	£28.60
Steel for axles	£33.00
CNC turned wheel set – enough to complete locomotive	£264
Resin cast detail parts	£66.00
Gear set for locomotive	£110
Buffers, complete set for locomotive	£110
Timken Axle Box Covers, white metal, each	£4.40
Circuit breakers and fuses	£28.60

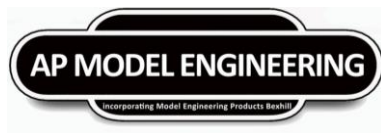

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Axle boxes with bearings and springs, price per locomotive	£333
Clevis coupling	£11.00
Overhead cable transfer, per set	£9.90
Locomotive Driver, resin, painted	£48.40
Locomotive Driver, resin, unpainted	£33.00
Lamp Iron, lost wax cast, each	£4.95
Lamp, resin cast	£8.53
Windscreen Wiper, each	£5.50
Optional Extras: Painted body, 2 colours	£1,100

Class 47 5" Gauge Locomotive	
Complete ready to run locomotive with sound	£4,950
Kit Form* - total cost of components	£3,630
*All kits include controller but no sound system.	
Components List:	
Body as from mould, flash removed	£550
Windows cut out on body	£88.00
Chassis kit including bogie parts and motor mounts	£440
Welding service for chassis	£56.10
Oilite bushes for motor mounts	£28.60
Steel for axles	£33.00
CNC turned wheel set – enough to complete locomotive	£297
Gear set for locomotive	£278
Tank steps	£17.05
Door Handle, Printed	£3.03
Grab Rail, long, each	£8.80

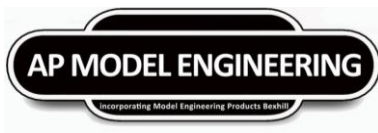

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Grab Rail, each	£7.70
Pipe Fittings, per set	£26.40
Brake Pipes	£TBC
Vacuum Pipe Clamps, pair	£5.50
Vacuum Pipe Fitting	£14.85
Marker Light, white metal, each	£8.53
Buffers, complete set for locomotive	£110
Resin spring set enough to complete a locomotive to include pins & carriers	£143
Resin cast horn block, complete set for a locomotive	£38.50
Dummy fuel tanks, per pair, resin cast	£42.90
Buffer beam pipes/taps and jumper cable set for front	£28.60
Components List:	
Class 47 5" Gauge Locomotive	
Coupling Plate Cover, each	£5.50
Circuit breakers and fuses	£28.60
Axle boxes with bearings and springs, price per locomotive	£278
Timken Axle Box Covers, white metal, each	£4.40
Clevis coupling	£8.53
Locomotive Driver, resin, painted	£48.40
Locomotive Driver, resin, unpainted	£33.00
Drivers Seat	£19.80
Lamp Iron, lost wax cast, each	£4.95
Lamp, resin cast	£8.53
Windscreen Wiper, each	£5.50

Class 47 7.25" Gauge Locomotive	
Complete ready to run locomotive	£6,958

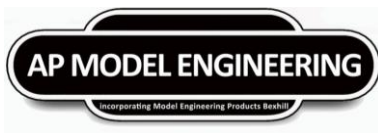

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Kit Form* - total cost of components	£5,566
Ready to run locomotive includes detailing & sound unit	
Kits include brake cylinders, tank overlays, steps & electrics	
*All kits include controller but no sound system.	
Components List:	
Body as from mould, flash removed	£1,254
Windows cut out on body	£110
Chassis kit including bogie parts and motor mounts	£835
Welding service for chassis	£83.60
Steel for axles	£66.00
CNC turned wheel set – enough to complete locomotive	£696
Chain and sprocket set for locomotive	£550
Components List:	
Class 47 7.25" Gauge Locomotive	
Tank steps	£28.60
Buffer beam pipes/taps and jumper cable set for front	£33.00
Circuit breakers and fuses	£28.60
Axle boxes with bearings and springs, price per locomotive	£550
Timken Axle Box Covers, white metal, each	£55.00
Clevis coupling	£11.00
Overhead cable transfer, per set	£94.60
Windscreen Wiper, each	£5.50
Pair of air horns	£11.00
Lamp Iron, lost wax cast, each	£4.95
Lamp, resin cast	£9.90
Door Handle, Printed	£3.03
Optional Extras:	

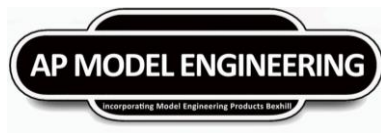

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Painted body, 3 colours	£696
-------------------------	------

Class 55 5" Gauge Deltic Locomotive	
Complete ready to run locomotive including sound unit	£4,983
Kit Form* - total cost of components	£3,850
*All kits include controller but no sound system.	
Components List:	
Standard body, as from mould	
Prototype body, as from mould	£556.60
Fuel tanks, set	£56.10
Class 58 5" Gauge Locomotive	
Complete ready to run locomotive	£5,060
Kit Form* - total cost of components	£4,180
Ready to run locomotive includes sound unit & locktite	
Kits include all parts except sound unit & paint. Batteries are required	
*All kits include controller but no sound system.	
Components List:	
Windows cut out on cabs and roof vents	£110
Welding service for chassis	£110
Steel for axles	£83.60
CNC turned wheel set – enough to complete locomotive	£351

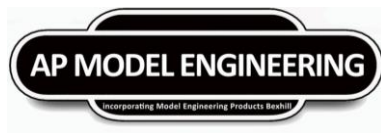

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Buffers, complete set for locomotive ROUND HEAD	£140
Buffers, complete set for locomotive OVAL	£180
Buffer beam pipes/taps and jumper cable set for front	£28.60
Circuit breakers and fuses	£28.60
Axle boxes with bearings and springs, price per locomotive	£418
Tail lamp, each	£8.53
Lamp Iron, lost wax cast, each	£3.85
Clevis coupling	£8.53
Windscreen Wiper, each	£5.50

Class 58 7.25" Gauge Locomotive	
Complete ready to run locomotive	£5,500
Kit Form* - total cost of components	£5,566
Buffer beam pipes/taps and jumper cable set for front	£38.50
Ready to run locomotive includes sound unit	
Kits include all parts except sound unit and paint	
*All kits include controller but no sound system.	
Components List:	

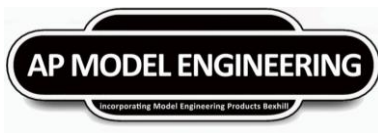

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Metal work for locomotive to include chassis, main body,	
bogies also fiberglass nose & roof Windows cut out on body	£1,392
Windows cut out on body	£110
Welding service for chassis	£70.40
Steel for axles	£66.00
CNC turned wheel set – enough to complete locomotive	£557
Chain and sprocket set for locomotive	£440
Buffers, complete set for locomotive	£140
Buffer beam pipes/taps and jumper cable set for front	£28.60
Circuit breakers and fuses	£28.60
Axle boxes with bearings and springs, price per locomotive	£4.40
Timken Axle Box Covers, white metal, each	£5.50
Tail lamp, each	£8.53
Lamp Iron, lost wax cast, each	£4.95
Lamp, resin cast	£9.90
Clevis coupling	£8.53
Windscreen Wiper, each	£5.50

Class 73 5" Gauge Locomotive	
Complete ready to run locomotive including sound unit	£4,593
Kit Form* - total cost of components	£2,541
*All kits include controller but no sound system.	
Components List:	

Email: apmodelengineering@gmail.com Tele: 07811768382

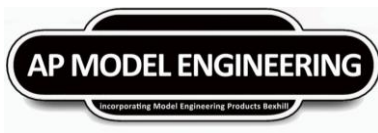

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Body as from mould	£491
Class 90 5" Gauge Locomotive	
Kit Form* - total cost of components	£3,300
Ready to run	£4,620
5" GWR Rail Car	
Complete ready to run locomotive including sound unit	£5,022
Kit Form* - total cost of components	£4,175
*All kits include controller but no sound system.	
Components List:	
Body as from mould	£491
Chassis and bogie kit, pre-welded	£557

Sundry spares

Locomotive transfers	
Early B R LIONS suitable for 08in 5" SCALE	£8.80
Late B R Lion BR livery 1956 ON suitable for 5" scale class 20	£8.80
Loco buffer springs each	£2.75

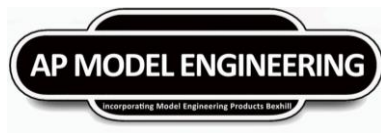

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Axle box springs each	£1.65
Speaker box	£33.00
Motor mounts each	£7.70
Gears	
15 tooth pinion gears 8mm bore for motors each	£13.20
80 tooth gear for wheels each	£18.70
Oilite bush ½" internal each	£3.30
Power bogie	
4 wheel class 20ect	£1,870
Super bogie	£2,035
6 wheel class 37 ect	£2,090
Super bogie	£2,200
Diesel detailing parts	
Timkin axle box covers correct for diesels no drain plug each	£5.50
Folding marker light disks each	£7.70
Air pipes 1 end	£28.60
Over head warning transfers set of 10	£9.90
Windscreen wipers per pair	£5.50
Roof fan grills	
<u>Sundry spares</u>	
Drivers and seats 5" scale	
Locomotive Driver, resin, painted	£48.40
Locomotive Driver, resin, unpainted	£33.00

Email: apmodelengineering@gmail.com Tele: 07811768382

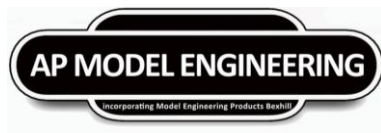

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Drivers Seat	£19.80
--------------	--------

Drivers and seats 7.25" scale	
Locomotive Driver, resin, painted	£55.00
Locomotive Driver, resin, unpainted	£44.00
Snow plough kit loco mounted ploughs for both ends of loco	
5" scale	£99.00
7.25 scale	£110
Independent snow plough kit	
5" scale	£495
7.25 scale	£660

5" Coaches	
BSK MK 1 coach kit basic	£2,200
Interior tables and seats	£165
TSO MK 1 coach kit basic	£2,200
MK 1 coach door handles each	£3.85
Mk1 sliding top window each	£6.60
Shell vent, resin cast, each	£4.95
Coach vent, white metal, each	£9.90
Dynamo, resin cast, each	£16.50
Door handles, resin cast, each	£1.93
Coach Door Handle, each	£4.95
Coach Door Handle, short	£4.95

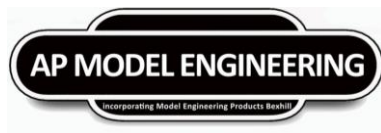

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

T shape coach handles, lost wax, each	£4.95
Grab handles, lost wax cast, each	£6.05
Luggage door handles, each	£5.50
Mk1 Coach door handles, each	£4.95
Buffer Shank, 3D printed, each	£9.90
Battery Box cover	£11.00
Coach Seat Pad, set	£9.90
Double seat	£8.53
Coach Gangway protector	£17.05
Guards Brake Handle, 3D printed	£8.53
Regulator Box	£9.90
Resin Fuse Box	£8.80
Coach Table, MDF	£6.60
Toilet Window Vent	£4.95
Table lamp	£4.40
Mk 1 coach end	£44.00
Coach figures various poses seated & stood price each	£33.00
Vacuum Cylinder, resin cast	£14.85
Southern Railway parcels vent, each	£7.98
Southern Railway parcels chalkboard, each	£4.95
Moulded Mk1 Brake cylinder	£22.00

Brake vans

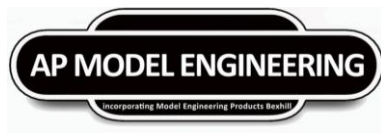

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

5" Gauge B.R 20-Ton Brake Van	
Kit Form - total cost of components	£605
Ready to run Brake van, painted	£737
Completed Brake van body, not painted	£693
Rolling chassis, welded, powder coated, buffers & shock absorbers fitted	£440
Completed chassis, welded, rivets fitted, unpainted	£275
Rolling chassis, welded and powder coated	£440
Chassis kit - metalwork only	£209
RCH Lost wax buffer stocks 4 PER SET	£22
Components List: 5" Gauge B.R 20-Ton Brake Van	
3-link chain, 2 sets, per pair	£8.80
RCH long buffer stocks, white metal, set of 4, un-machined	£26.40
RCH long buffer stocks, resin cast, set of 4, un-machined	£22.00
Finished buffer set, complete with springs and collar	£60.50
Bolts for buffers £6 Rivet set for brake van	£33.00
Axle boxes, choice of RCH or LNE, finished & bushed with springs, set of 4	£33.00
Wheel set, 3-hole disk to GL5 profile	£88.00
Brake blocks with bolts, set of 4	£6.93
V hangers with bolts, per pair	£8.80
Dummy shock absorbers, set of 8	£13.20
Chassis name plates, per pair	£11.00
D printed dummy leaf springs with bolts, set of 4	£44.00
Weights for end of brake van, per pair	£24.20
Lamp kit, resin cast, side or rear hung	£8.80
Seated half people various styles	£27.50

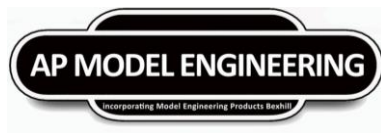

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Brake vans	
Body parts, not included in chassis kit:	
Body pack, laser cut and scored	£143.00
Lamp irons, side hung, set of 4	£13.20
Straight lamp iron, pre folded, set of 4	£11.00
Grab rails, small, each	£13.20
Steel to make large H section side rails	£11.00
Duckets, fiberglass, per pair	£27.50
Torpedo vents, white metal, each	£8.25
Ducket, steel laser cut, require folding and soldering, per pair	£27.50
Torpedo vents, white metal, each	£4.95
Roof section, fiberglass	£27.50
Roof section, rolled steel	£27.50
Vacuum cylinder	£6.60
Transfer set NE	£19.80
Bolts for duckets and lamp irons	£11.00
5" Gauge LMS Brake Van	
Completed Brake van, painted	£715
Kit of parts	£550
Completed Brake van body, not painted	£143
Rolling chassis, welded, powder coated, buffers and shock absorbers fitted	£143
Completed chassis, welded, rivets fitted, unpainted	£275
Rolling chassis, welded and powder coated	£440
Chassis kit - metalwork only no rivets	£209
Components List:

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

5" Brick wagon riding car	
Ready to run	£1,045
Steelwork for top	£44.00
Kit of parts	£825
JHA Bogie Hopper Late Foster Yeoman 19317 End Wagon Riding car	£957
Kit of parts	£858
JHA Bogie Hopper Late Foster Yeoman 19317 End Wagon none riding	£770
Kit of parts	0
5" Lowmack wagon	
Complete Kit	£495
Steel and timbers	£220
Ready to run	£660
5" Gauge Con flat kit	
5" Gauge con flat kit complete	£330
Steel work and planks planking	£171

5" Gauge Wagon Parts and Kits	
Wagon Kits	
7 Plank Wagon Kit:	

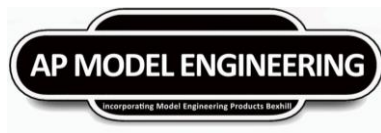

Email: apmodelengineering@gmail.com Tele: 07811768382

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

complete including rolled door hinges, folded corner plates	£696
6 Plank Wagon Kit , complete including folded corner plate	£629
5 Plank Wagon Kit , complete	£629
Bogie Bolster kit including all parts	£835
19 foot Timber underframe kit:	
including metalwork (see diagram from contents)	£209
Easy build chassis	
Designed for wooden under frame wagons complete with planking	£99.00
Set of timber for 19 foot timber under frame	£22.00
Wagon parts	
Folded corner plates, per pair	£12.65
Set of planks for 7 Plank Wagon	£56.10
Timber for underframe	£22.00
Spring shoe set of 8 folded	£8.80
Brake lever per pair	£6.93
RCH wagon brake shoes, per pair	£6.05
Vacuum fitted type brake shoe, set of 8	£17.60
Brake shoes, white metal, handed with wheel guides each	£4.95
Brake hangers, white metal, each	£3.03
Spring stop, each	£3.03
Brake Push Rods, set of 4	£9.35
Brake pin racks, CNC cut, need folding and soldering, per pair	£9.90
Brake tumblers	£7.70
V hangers, RCH, per pair	£5.78
Axle guides (w irons) set of 4	£12.65

Ready to run locos are complete with sound but no batteries can be supplied at cost

Locomotive kits do not include sound units

Bridge keeps for axle guides pre bent set of 4	£5.50
Axle guides (w irons) complete with bridge keeps	£17.60
Set of double sided brake gear	£128
Set of single sided brake gear	£70.40
Buffers, RCH, white metal, set of 4	£16.50
Ready turned buffer, heads & spindles set of 4	£33.00
Brake Pin Rack, lost wax casting, each	£17.05
Wagon parts	
Set of pre rolled door hinges hooks and bands to	
make working opening side doors enough for 2 opening doors	£40.00
Door catches price per pair	£6.60
5" Gauge Wagon Parts and Kits	
Miscellaneous parts	
Door hook for wagon doors each	£3.85
Hinge strap each	£2.75
Brake push rods set of 4	£7.70
Brake handle	£3.30
timber for push rods	£2.20
Horse hooks, white metal per pair	£2.64
Ticket label, per pair	£3.85
Charles Roberts name plates, each	£4.40
Olio buffer stock, white metal, each	£14.85
Spring Steel, annealed to be soft to shape and easy to drill, per meter	£3.85
Spring stops set of 4	£4.40
Door hinge crooks, each	£6.60
